Building Official/
Erosion & Sediment Control
Program Administrator

AGREEMENT IN LIEU OF AN EROSION & SEDIMENT CONTROL PLAN
(For the construction of a single family residence only)

Measures specified by the Erosion & Sediment Control Department.

- 1. Installation of an adequate construction entrance to prevent the tracking of mud onto paved or public roads must be maintained thru the duration of the land-disturbing activity. Minimum Standard-17 requirement.**
- 2. Sediment trapping measures shall be constructed as the first step in any land-disturbing activity and shall be made functional before upslope land disturbance takes place. Minimum Standard-4 requirement.**
- 3. All denuded areas shall be permanently stabilized within 7 days of final grade with permanent vegetation or a protective ground cover suitable for the time of year. Minimum Standard-1 requirement.**
- 4. All applicable federal, state and local regulations pertaining to working in or crossing live watercourses must be met. Minimum Standard-14 requirement.**
- 5. All temporary sediment trapping measures must be maintained through the duration of the land-disturbing activity. Sediment shall be removed and any repairs necessary made. Inspections by the land owner or responsible party of all temporary measures shall be done weekly and within 24 hours of any runoff producing rain events. Minimum Standard-18 requirement.**
- 6. All properties and waterways downstream from the land-disturbing activity shall be adequately protected from erosion and sediment deposition. Including but not limited to ditch lines which are located in VDOT right-of-ways. Minimum Standard-19 requirement.**

In lieu of submission of an Erosion & Sediment Control Plan for the construction of this single family residence, I hereby agree to comply with all requirements set forth in the Carroll County Erosion & Sediment Control Ordinance to control erosion and sediment deposition during the duration of my land-disturbing activity. I further understand and agree to pay any and all civil charges that may be assessed for violations, after proper notice, in accordance with the amounts specified in Section 10-7 (E) of the Carroll County Erosion & Sediment Control Ordinance, for non compliance. I further grant the right-of-entry onto the listed property to the designated personnel of Carroll County for the purpose of inspecting and monitoring for compliance with the County's E&S Ordinance.
