

July 13, 2009

The Carroll County Board of Supervisors held their regular monthly meeting on, July 13, 2009 in the Board Meeting Room of the Carroll County Governmental Center.

Present were: David V. Hutchins  
Wesley G. Hurst  
W.S. "Sam" Dickson  
Andrew S. Jackson  
Dr. Thomas W. Littrell  
N. Manus McMillian  
Gary Larrowe, County Administrator  
Ronald L. Newman, Assistant Administrator  
Nikki Shank, Assistant Administrator

Mr. Hutchins called the meeting to order at 4:04 p.m. and asked Mr. Dickson to lead in prayer and pledge.

**EMPLOYEE RECOGNITION**

Mr. Larrowe told that it was his pleasure to recognize Mr. Ricky Dowdy. He told that Ricky began working for the County full time in July, 1991. Previous to that time, he worked in the field of surveying and landscaping. He told that we would like to recognize Ricky tonight for his 18 years of dedicated service to the County. Ricky was born and raised in Carroll County and graduated from Carroll County High School and resides in the Town of Hillsville with his wife Kim, his son Kes and daughter Allie. Ricky enjoys working on tractors and fixing things around the house. Ricky also enjoys spending time with his horse Maggie, which according to Ricky, is more like a big dog. Mr. Larrowe told that sometimes Maggie breaks free and may be seen around the Town of Hillsville. Since becoming Maintenance Supervisor, Ricky has completed a variety of projects including building the Cannery and very soon completing the Farmer's Market hydro-cooler. Ricky has been instrumental in hiring talented individuals in order to have expertise in house in areas such as HVAC and auto repair. Ricky manages 10 full time and 6 part time employees and provides all types of maintenance services to the variety of buildings and grounds owned by the County. If you are in and around County facilities for any length of time, you will come to know that Ricky and his crew will go above and beyond to satisfy all maintenance requests. Ricky likes to make the workplace an enjoyable place to be and we would like to take this time to thank him for that and his continued service to the County.

Mr. Dowdy told that he is blessed to have the staff that he has. He told that they can do anything and without them he couldn't do anything.

Dr. Littrell commented about the landscape work that had been done around the welcome sign and told how good it looks.

Mr. Dowdy told that Wythe Morris from the Extension office has helped with the design.

RESOLUTION

A RESOLUTION IN SUPPORT OF AN APPLICATION BY SMYTH COUNTY COMMUNITY HOSPITAL TO ESTABLISH AN 18 BED REHABILITATION SERVICE

**WHEREAS**, inpatient rehabilitation services are not currently available within the local community and residents must travel significant distances to obtain inpatient care; and

July 13, 2009

**WHEREAS**, rehabilitation services at Smyth County Community Hospital would reduce the driving time and out of pocket traveling expenses now required of area residents and their families to access rehabilitation services at a local Virginia facility; and

**WHEREAS**, the availability and accessibility of inpatient rehabilitation services at Smyth County Community Hospital will offer a broader and more comprehensive continuum of care to residents of the local community; and

**WHEREAS**, the establishment of rehabilitation services at Smyth County Community Hospital will improve the quality of care available to residents of the area; and

**WHEREAS**, Smyth County Community Hospital is centrally located within Planning District 3 and is geographically positioned to meet the rehabilitation needs of the largest portion of area residents

**NOW, THEREFORE, BE IT RESOLVED**, by the Carroll County Board of Supervisors during the regularly scheduled meeting on July 13, 2009, that the County officially supports the application for Smyth County Community Hospital to seek permission to introduce rehabilitation services (COPN Request No. VA-7665).

**CITIZEN'S TIME**

Ms. Janet Tate told that the development pressure in our area is severe. One of the most important documents to protect the taxpaying citizens who live and work in Carroll County and Virginia is our SO. Each county in VA is required to have a SO. VA recognizes the burdens that development places on a community. Developed land uses

July 13, 2009

more county resources (Fire, Rescue, Schools, Police protection, etc) and more importantly the potential to use county resources increases over time. Undeveloped land has the potential for many uses, requires few services, and so costs the taxpayers much less. Ms. Tate told that in her view the majority of the BOS have gutted the SO that the PC members had worked so diligently to prepare. The PC members have taken the time to become educated on development issues and the many ramifications development decisions can have on a community. Land is not a commodity – it cannot be replaced. Our natural resources are necessary for our very existence. She told that she wants to be sure to make the point that the Code of VA has a provision for Family Subdivisions. This right is allowed and protected by the State of Virginia (Code of Virginia 15.2-2244). Residential development, even in the best of circumstances, does not pay for itself. But smart/responsible residential development can provide jobs: (construction and maintenance); provide housing (for all – not just for the second home market); provide local business with revenue; bring in VA income tax money (if folks are VA residents); and tax money to Carroll County without the drain of “wildcat” development. Just some of the problems with “wildcat” development (which includes Carroll County development allowed by our past SOs – until July 1<sup>st</sup> of this year) are: shared wells; well and/or septic not located on the lot; failed/leaky septic systems with no reserve area (also a public health problem); insufficient lot size; dry wells; narrow roads; steep and unsafe roads; no road maintenance requirements; shared private road ownership (great for lawyers when there are disagreements among users/owners of private roads); inadequate or even nonexistent emergency vehicle access; unsafe environment for emergency personal; environmental damage; inadequate and insufficient housing for those who live and work here; no school buses on private roads; no mail service ;no trash service; no snow removal...the list goes on and on. She told that she is FOR responsible development that enhances our county. People need housing and that is part of your mandate as an elected official. Carroll County’s SOs have catered to the second home market (because of the undue and unfair influence of special interest groups) and this one is not much different in that regard. Why doesn’t this narrow interest group complain of the practice of pulling in ready made homes? Think of all the construction jobs lost from this practice. As long as the margin of profit in second homes is so large, the fewer requirements in our SO the less money it costs for construction of these “developments” for the developer, there isn’t an incentive for construction of affordable housing for local, working folks. Ms. Tate told that other counties do a better job with their ordinances to protect their county tax paying citizens.

### **FAIR UPDATE**

Mr. Larrowe told that there is a huge progress being made at the Farmer’s Market. He told that the goal is to bring money into the County and it is working.

Mr. Semones told that the retail is steadily getting better. He told that one of the benefits is having the Sr. Nutrition Program and it has a tremendous amount of business in and some of the people have never been to the market before. He told right now sales are up 15 – 20%.

Mr. Larrowe told that there are several projects taking place. He told that they are working on the parking lot as well as the new entrance to the market.

Mr. Semones told that how the parking lot is laid out now gets complicated when it gets full and hopefully having the new entrance will help solve the problems.

Mr. Larrowe told that we have been able to keep some of the asphalt from several years ago and that saved on the cost. He told that Jessica has been working on this as well and has done a tremendous job. He told that the Market Village is coming along well and they have put the tile down inside. He told that they would be pouring the walkway in front of the building this week and reminded everyone that in the center of the building would be restroom facilities for the Farmer’s Market’s use.

July 13, 2009

Mr. Semones told that they are working on broccoli, cauliflower, cilantro and peppers. He told that they are trying to diversify their crop and Food City is getting a lot of the products.

Mr. Larrowe told that work is continuing on the hydra-cooler and it adds value to the market. He told that it has been engineered on site and came from ideas of looking at other markets.

Mr. Semones told that he got bids on the cooler and with no electrical work the lowest bid was \$600,000. He told that we were able to get ours through 2 grants and have used the maintenance workers to get it done.

Mr. Larrowe told that the County Fair will be August 27 – 30. He told that the fair is being moved to the Farmer's Market and they have been working with the Department of Ag to use some of their land that is adjacent to the market. He told that we have drawing the Jessica has done and will be sending it to Richmond for approval.

Mr. Semones told that we really need to thank the VFW for letting us use their facility. He told that it makes it a lot easier to have our own facility and to be able to hold the events that the people are wanting as well as not having conflicting dates with other events. He told that he has spoken with the carnival and they have assured him that they will show up.

Mr. Larrowe told that the focus of the fair is on agriculture so they are hopeful that VDACS will continue to assist with the use of the property. He told that there was some wetlands and we have worked with E&S as well as the building official and engineer to obtain the proper permits to get it dried up. He told that Mr. Newman has a huge interest in the fair and he is the reason that it got started up again.

Mr. Semones gave an overview of the events that will take place and told that the schedule is also listed on the webpage.

Mr. Hutchins asked about the building that was proposed to be placed on the fairgrounds and wanted to know how big it would be.

Mr. Semones told that where it is placed now it can not be larger than 40 x 100 ft.

Mr. Jackson asked if it would be used for exhibits. He told that folks have put a lot of time and work into getting all of this together. He told that it just works better when it is your property. He told that it would be great to have a building for this year, but there is not enough time to get it done.

Mr. Larrowe told that it is shown as one building, but it might work better if there are 2 buildings.

**SUPERVISOR'S TIME**

July 13, 2009

Mr. Jackson told that the meeting has gone better than he thought it would and he wanted to thank everyone for coming. He told that on the fair they are moving forward nicely and all of the people who are involved are to be commended. He told that the land looks good since it has been mowed and told that this would open up opportunities that we have never dreamed of. He told that it is great to see a team playing in the World Series and told that if they make it they will represent Carroll County well. He told that he hoped we get to spend the money.

Mr. Hurst thanked everyone for coming. He told that he is very happy about the progress at the Farmer's Market. He told that he has been serving on the District III committee and Carroll is one of the largest recipients of the Senior coupons. He told that he is proud of the fair and is very happy with the progress of the PSA. He told that the only way to enhance the County is through infrastructure.

Mr. Dickson congratulated the Recreation department staff, coaches, parents and players. He told that we are behind them win or lose. He told that Crooked Creek attendance has gone up and that is exciting.

Dr. Littrell told that the fee fishing area has new signage for the equine trail in place. He told that he is interested in Tourism and he appreciates the Board and the PSA for the airport sewer extension.

Mr. McMillian congratulated the minor league teams. He told that it came down to 2 Carroll County teams to see who went to State. He told that we have great representation and it is very exciting. He told that he agrees with Mr. Jackson and would love to see the money spent for them to travel to the World Series. He told that he appreciates Kevin coming from the Farmers Market and the news is exciting. He thanked all of the Board members for their support and dedication.

Mr. Hutchins told that it is a pleasure to work with each Board member. He told that they made an agreement to work together and they are doing that. He thanked everyone for coming.
