

New River Regional Water Authority (NRRWA) December meeting summary: December 15, 2011 The consent agenda being the minutes of the regular meeting were approved. No citizens or vendors spoke at this meeting. The Town of Wytheville Invoice was approved. During board time it was brought up that someone had been writing "bad checks" with the NRRWA's info but we have been notified and are working with the banks on this issue. The director reported that the flocculator that had been down was back up and running and the manufacturer repaired it and is monitoring it at no fee. The director included New River Flows in the report and Cellell Dalton pointed out that he is working on an article to address some citizens concern that the plant is pumping the river dry. The director also included the property assessment in the report. The director will work on getting alarms added to needed tanks for next month. The next meeting will be Jan. 19, 2012 at 9:30am.
