

## Dear Virginia Travel Partners

We need your help so we may all better assist those potentially affected by Hurricane Irma in your communities.

We are encouraging hotels and motels to participate in the Transitional Shelter Assistance (TSA) program.

Under the TSA program FEMA helps applicants who are unable to return to their pre-disaster primary residence because their home is either uninhabitable or inaccessible due to a Presidentially-declared disaster. Please register below with the TSA program to help survivors of Hurricane Irma.

Rita D. McClenny
